PROPRIETOR.

NOTES BY THE WAY

If all those who, having failed to find else-where just what suited them in men's or boys' Clothing, have come to our house and found without the slightest difficulty just what they were looking for in quality, style, and price, were to inform their friends of the fact, we would need no newspaper advertising. But, inasmuch as we cannot expect our parrons to advertise our business, we must continue to inform the public through the medium of the press of the good things in the Clothing line with which our house is stocked.

TEN DOLLARS. \$10. TEN DOLLARS.

For the above amount we offer For the above amount we once this week ten different kinds of All-Wool Cheviot Suits, in both Sack and Cutsway Styles. These goods would readily bring \$15, but, as we buy for cash, we buy at bed-rock prices. And, as our expenses (considering the amount of business we do) are comparatively trifling, we can afford to sell goods at prices un-usual in these parts. Gentlemen contemplating investing in a suit for business or street wear should not fail to call and see

A pleased customer is the best possible advertising medium, and, knowing this, we make it a point that every visitor to our house shall so away pleased, either with the goods they buy or with the courteous treatment that it is our highest privilege to accord to looker and buyer alike.

Pifteen Dollars. \$15. Fifteen Dollars.

The above represents the cost of your choice of ten patterns of imported Scotch Tweed Suits, embracing every shade of that fashionable fabric that has be-come so popular with the men who dress well in town, at the seashore, or the mountain resort. These Suits combine all the tone and style of the finest custom work, for which a swell tailor will charge \$45—but we don't expect to grow rich in a year.

We do not preach the "I am holler than thou" doctrine or "mush," which we daily read in the papers, but we cannot refrain from saying here that we are not quile-yet propared to admit that any one concern has a monopoly of the knowledge, the brains, the capital, or capacity necessary to successfully conduct a first-class Clothing House, no matter how loudly they shout to the contrary.

Eighteen Dollars. \$18. Eighteen Dollars. For this sum we offer the choice of some exclusive styles of Eng-lish Cassimere Suits in pin checks, plaids, and broken checks, including the very latest designs in foreign woolens, out and made with the greatest attention to the slightest detail.

Want of space forbids our continuing, but we commettee our Children's Suits at \$1.25; we end them at \$10. We open the ball in Boys' Suits at \$1.50; we stop at \$10. We call the game in Youths' Suits at \$5; we draw the line at \$29. We start our Gentlemen's Suits at \$7; we run them up to \$50. We open our store at 7.29 a.m.; we close at 7 p. m. sharp, Saturday nights excepted. One price to all.

GENERAL SPORTING NOTES,

Records of the Base Batt Clubs-Daily Released - The French Derby Knocked Out in Thirteen Seconds. The third week of May sees the two great base ball organizations under full headway, and closed by the Detroits, of the League, and St. Louis Browns, of the American Association, in the lead of all competitors. The brilliant playing of the Detroits has caused considerable surprise among the knowing ones, as the practice games in-dulged in during April did not give promise of the good work that they are now doing.

of the good work that they are now doing. However, the greater number of their victories have been gained upon their own grounds, and when the club takes its trip east this week a change may come over the spirit of their dreams. The Chicagoa are in the second position, and are more than likely to retain their advantage for some time to come; New York third, St. Lonis fourth, Philadelphia fifth, Boston sixth, Kamsas City seventh, and the Nationals last.

This record will no doubt be very materially changed by the games to be played this week, and local ball patrons, while regretting that the home club has been so unlucky as to lose every game it has so far played while away, still think that when the nine face their opponents at Capitol Park to do battle for victory, the tide will ture, and defeats will not be so frequent as they have been of late. The Nationals are badly handicapped for the want of another good batters and will never be in process tries until

SUNDAY'S BALL GAMES.

A DEAD HEAT IN THE PRENCH DERBY.

PARIS, May 2L.—The French Derby was run
the day, and resulted in a dead hoat between
Comic Hericuk's chestnut colt Upas and Baron
Schickler's bay colt Sycamore. C. J. Lefever's
chestnut filly Fils d'Artois was third. The
other starters were Kabyle, Angelo, Jupin, St.
Honore, Fetiche, Gamin, Gretance, Nero, and
Orme. At the start Orme led, followed by Kabyle, Angelo, and Fils d'Artois in the order
named. Kabyle was soon beaten. At the bend
Upas caught Angelo, Jupin and St. Honore following in the distance. Sycamore then caught
Upas, and they ran a splendist race together to
the finish. Fils d'Artois finished four lengths
behind, followed by Jupin, Fetiche, and Angelo in the order named. Time 242.

The stakes will be divided between Upas and
Sycamore.

The English Derby.

THE ENGLISH DERRY.

LONDON, May 23.—The betting on the Derby, which is to be run on Wednesday, is 9 to 4 in favor of the Duke of Westminster's colt Ormonile. Only twice during the last half-century has a Derby favorite started with similar code. Sporting circles concur in the belief that it will be a one-horse Derby, and that nothing can touch the favorite.

ROBINSON SWIMS AGAINST TIME. NOBINSON SWIMS AGAINST TIME.

NEW YORK, May 22.—John Robinson, an English swimmer 25 years old, swam the Hudson river to-day from New York to Tarrytown, about three miles, in one hour and thirty-six minutes. He swam against time: 8500, it is said, having been staked on time, the limit being one hour and forty-five minutes.

KNOCKED OUT IN THIRTEEN SECONDS.

CARBONDALE, PA., May 23.—A prize fight lasting thirteen seconds took place between Jim Cannon, 180 peunds, and Frank Hearld, of Philadelphia, 185 pounds. Hearld dealt Cannon a terrific right-hander in the lugular yell and he dropped like a log. Twice he rese and staggered but fell to the floor, knocked completely out. A match is talked of between Hearld and John L. Sullivan. DEATH OF A HACER.

PUGLISM.

NEW YORK, May 23.—Tom Ferguson, the
Philadelphis boxer, wants to meet any 103pound puglist in America for a purse or stake.
He offers to fight Dick Collier in a week. The
Ellingsworth-Fogerty eight-round glove contest has been declared off on account of complaints made to the police and the interference
of Superintendent Murray. The men are reported matched to fight in four weeks for
si,000 a side with skin-tight gloves, in private,
to a finish.

when he looked up the young man was gone.

No Such City in Existence.

No Such City in Existence. Officially there is no such city as Washington, D. C. A city by that name was once chartered by Congress, but the charter was repealed several years ago. The capital of the United States is the District of Columbia, all parts of which are alike governed directly by Congress through commissioners. The post-office name is Washington, but the Postmaster General could rename it Vilas if he saw fit,—Chicago Journal.

the immense damage sustained by our good friends over the creek in the loss of independent municipal existence, so clearly shown by the annual reports of the commissioners; but upon being informed every just person will say that something ought to be done at once to restors them to their former prosperous condition. This improvement and the construction of a free bridge at the "Three Sisters" would do very well to begin with and there should be no objection to either.

In 1878 (Commissioners'Rep.,p.36) the valuation of taxable real estate in Georgetown was \$6,028,041, being less by \$185,436 than it was in 1870, when the assessment was made by persons carefully selected by the people themselves, and upon which they cheerfully paid taxes. It is thus evident that the enforced change of government in 1871 inflicted upon them great loss, notwithstanding the large expenditures made for atreet and other improvements of a general nature. How large these were cannot be stated, but we are officially told at p. 125, Rep. of '74, that up to November 30 of that year they had reached \$735, 498, at which rate, by June 30, 1878, it would take no less than seven figures to express the amount. The valuation of 1878, therefore, when made was, no doubt, properly regarded as very fair, and free from objection. Taking this as the corner-stone, we rear a structure as follows:

So, too, can aged men and women, who, for more than two generations, have been paying taxes upon lots, for the benefit of which the first cent has not yet been expended, and to reach which, with an empty cart, is no easy matter, all having been used to build up other sections where isensitive nervous organizations absolutely require smooth pavements.

A first mortgage for \$2,000,000 and a second mortgage for \$1,500,000, on the line of the Ohio River railroad, from Wheeling to Point Pleasant, 150 miles, were entered for record in the county recorder's office at Parkersburg, W. Va., last Tuesday. The mortgage is made to the Fidelity Insurance, Trust-and Safe Deposit Company of Philadelphia, which advances the money for the extension of the road from Parkersburg to Point Pleasant, and releases a former mortgage for \$2,000,001. The first is due June 1, 1936, and the second Oct. 1, 1202.

Arrangements have been completed for the Chause on the 20th testant of the

mer mortgege for \$5,00,000. The first is due June 1, 1925, and the second Oct 1, 1925.

Arrangements have been completed for the change on the Sith instant of the gauge of the entire Louisville and Nashville system to the standard gauge. Not only the main stem, but standard gauge. Not only the main stem, but standard gauge. Not only the main stem, but little lines either owned or coatrolled by the Louisville and Nashville will be obanged at once, and no delay will be occasioned. The Louisville and Nashville is the most important railway system south of the Ohio river, and the change in its gauge virtually forces the other lines in that socious to follow, such consequently after that date the change will be general and speedily consummated.

THE MARKETS. Stocks Advancing and Material Gains Shown Throughout the List. New York, May 22.—The continued ad-

vance of the last few days raised the question whether the bringing out of the long stock would not check the rise, but the stock would not check the rise, but the same buying continued to-day, and in the face of extensive selling for toreign account and a great deal of realizing, to-night's final prices show material gains throughout the list. The Chicago party being prominent among the buyers, their favorites, the grangers, are most conspicuous in the advances made. St. Paul, Northwestern, and Omaha each show a net advance of over 1 per cent. The Vanderbilts were strong with the rest of the market, and show material gains to-night. The high rate for loans of Lake shore stock is a feature of the dealing. The favorable outcome of the presidents' meeting undoubtedly helped these stocksto-day. There was considerable buying of Western Union to-day, generally believed to be principally covering of short contracts, the uncertainty of the immediate future making the bears afraid to stay short.

immediate future making the bears afraid to stay short.

There was no feature of importance in the active list outside of a few favorite stocks. It was reported to-day that the bill had passed the House giving the St. Louis and San Francisco the right to enter the Indian Territory, and the preferred stock advanced over 3 per cent. The sales for the day amounting to 333,435 shares, an advance of 37,000 over yesterday. The sales for the week amount to 1,370,388 shares, an advance of 70,000 over those of last week.
